Career Objective

A proactive and ambitious professional with strong leadership qualities, known for making bold yet calculated decisions to explore diverse technical and non-technical domains.

Committed to continuous learning and personal growth, aiming to enhance both technical expertise and character development through challenges and hands-on experiences.

Demonstrates reliability, perseverance, and a long-term vision, consistently striving for excellence, fostering collaboration, and scaling abilities to deliver impactful results.

Experience

Full Stack Developer, Trainee / Analyst — Zen (Startup)

Jul 2025 – Present

Dubai, UAE

- Gained exposure to **blockchain technology**, OTC trading platforms, crypto swaps, and AI-driven financial applications.
- Studied trading strategies, analyzed charts, and practiced demo trades to build foundational knowledge in cryptocurrency markets.
- Collaborated with startup leadership, expanding professional network and gaining insights from industry leaders and entrepreneurs.
- Strengthened ability to adapt to fast-paced environments and learn new domains beyond core technical background.

Technical Trainer — CodeTantra

Feb 2025 – Present

Hyderabad, Telangana

- Trained and mentored over **1000 students** across CSE, AI, and ML streams at institutes including **VEMU, SRM Ramapuram, and Samskruthi School of Engineering**, covering C, Python, and Data Structures.
- Guided students through hands-on lab sessions, coding practice, and platforms like **LeetCode**, improving problem-solving skills and ensuring course completion rates of 100%.
- Introduced interactive teaching methods such as **gamification** and real-life analogies, significantly boosting engagement and reducing classroom distractions.
- Recognized for adaptability by taking charge of classes on short notice, supporting both students and faculty training, and ensuring smooth project delivery.

Digital Marketing Intern — Webfosys Pvt Ltd

May 2022 - Apr 2024

Remote

- Gained hands-on experience in digital marketing, working with tools like WordPress to manage and maintain websites.
- Responsible for keeping websites active by posting articles, optimizing content for SEO, and designing themes to enhance user experience.
- Collaborated with the marketing team to develop strategies for increasing online visibility and engagement.

Projects

Advanced Color Detention for Color Blind People with Secure Data Processing

- Developed an application to assist color-blind individuals in accurately identifying and distinguishing colors.
- Implemented secure data processing techniques to ensure user privacy and data integrity.
- Designed a user-friendly interface for seamless interaction, enhancing accessibility for users.
- Utilized **Python** for backend processing and **GUI** for frontend development, ensuring a responsive experience.

Student Outcome-Based System (CATSO)

- Currently developing a live project named **CATSO** to assess student learning outcomes based on **Outcome-Based Education (OBE)** principles, enhancing educational assessment methodologies.
- Designed and implemented functionalities for **Course Outcomes (CO)**, **Program Outcomes (PO)**, and **Program Specific Outcomes (PSO)** entry, along with question paper uploads and attainment reports using **PHP, HTML, and CSS**.
- Leveraged **data-driven insights** to support educational decision-making and improve student performance tracking.

Education

MCA — Narayana Engineering College, Nellore	CGPA: 8.8 — 2023 – 2025
B.Sc in Statistics — Vivekananda Degree College, Nellore	CGPA: 9.2 — 2020 – 2023
12th (BIEAP) — Sri Chaitanya Jr College, Guntur	Percentage: 84.0% — 2016 – 2018
10th (SSC) — Kenedy High School, Guntur	CGPA: 7.5 — 2015 – 2016

Extracurricular Activities

Trainer

- Conducted peer-learning sessions to simplify technical concepts for students from diverse backgrounds.
- Adapted teaching style to individual learning needs, helping students gain confidence in problem-solving.
- Created an engaging learning environment that encouraged curiosity and collaboration.

Workshop Organizer for Think Champ PVT LTD

- Proposed and secured approval for a two-day Web Development Workshop, highlighting its value for juniors’ career growth.
- Coordinated sessions and logistics to ensure a practical, hands-on learning experience.
- Guided participants by addressing doubts and sharing insights on web development concepts.

Main Organizer for TechChroma

- Served as main coordinator for two consecutive years, managing a national-level technical symposium with 600+ participants.
- In the first year, handled technical events, coordinated visiting students, and built collaborations with companies such as Nexzera (Austin, Mexico) and Teralogic (16+ countries).
- In the second year, mentored juniors while independently organizing key events, inviting companies, and arranging prizes to boost student engagement and professionalism.

Certifications & Achievements

21 Days Coding Challenge	Dec 2024
Completed a 21-day Coding Challenge by Coding Ninjas in collaboration with Naukri.com, enhancing problem-solving skills and consistency.	
Code Change – 1st Prize	Dec 2024
Secured 1st place at TechChroma NECN, demonstrating coding and analytical skills on the CodeTantra platform.	
Reverse Coding – 2nd Prize	Nov 2024
Achieved 2nd place in IEEE-SB-NBKIRST competition, showcasing coding proficiency under time constraints.	
Hackathon Participation	Nov 2024
Ranked in the top 40 out of 4,000+ participants in CVCORP Hackathon, advancing to the finals as the only MCA student among BTech participants.	
DevFista – 1st Prize	Feb 2024
Won 1st place in Nexzera & SkillBridge hackathon, completing Python programming challenges faster than peers.	

Skills & Interests

Technical Skills - C, Python, Java, Go; HTML, CSS, PHP; Data Structures, Algorithms
Leadership & Soft Skills - Teamwork, Decision Making, Mentoring, Problem-Solving, Time Management, Adaptability
Hobbies / Interests - Browsing, Business Strategy, Tech Workshops, Continuous Learning
Languages - English, Telugu, Hindi
